

c. **Responses to 2.h.** We asked for engineering designs or calculations used for air flow rates or volumes. The responsive document DOC # 0009 does not include engineering designs or calculations use for air flow rates or volumes. –

- Chore-time Fans are used in all of our houses. The below sheet has a column that indicates which fan is installed in the house, CTB -48, CTB -52, or CTB-54.
- Please see DOC # 0100 and DOC # 0101, as these will give you the manufacturers engineering designs for air flow rates or volumes, this is what we use as our design and calculation specification, this is a standard within the industry.
